IX. Course Policies:

Class Attendance:

- Students are allowed one absence without a required written excuse for every semester credit hour taken.
- It is the student's responsibility and entitlement to meet and discuss all absences or planned absences with their instructors.
- Upon the prudence and judgment of the instructor, a course grade of "F" may be given to any student who exceeds 25% of absentees in a semester.
- No student shall neglect more than 25 % of their class attendance, whether excused or unexcused, in a given semester.
- For students who exceed the specified number of unexcused absentees, an official documented excuse from the Faculty Dean may be required.
- Once a student reaches approximately ten to fifteen percent of absentees in a class, he/she shall receive a warning.
- The Dean/Faculty Council have the right to permit a student's withdrawal from a course, if presented with a suitable and acceptable explanation for excessive absentees. This will be coordinated with the consent of the Registrar.

Tardy:

- Late arrival to class three times will be regarded as an absence. Each instructor is responsible to define the rules for which a student is considered late to class.

Exam Attendance/Punctuality:

- All students have to attend exam as specified.
- A student who fails to attend the exam has to hand on his/her excuse within 48 hours.
- All students must come to exam on time and no excuses are accepted for late coming.

Assignments & Projects:

1. - All assignment and projects have to be submitted, as scheduled, on time.
2. Late submission might result in deduction of marks.

Cheating:

- - All students are required and expected to act and behave according to the University Academic Integrity Code of Conduct as explained and detailed in the student handbook. Punitive actions for any and all students not abiding by these rules is also outlined in the student handbook.
 - Any student caught in the act of or is suspected of cheating will receive a grade of "0" for that exam, quiz or assignment. نائب العميد لشئون الجودة

III. Course Description:

This course is one of the University General Requirements. It is a prerequisite to other specialized courses which are offered in English. It is designed to provide students with the required knowledge and skills in English language related to their field of study. It provides students with the basic aspects of academic-oriented English to develop their academic language proficiency for university study by covering language areas and skills (listening, speaking, reading and writing) which enable them to understand and use English in settings and contexts related to their fields of study. It covers wide range of topics related to their fields of study with a view to introduce them to the required subject-related terminology. It also provides students with the opportunity to take part in interactive and communicative activities representing their future professional careers. By the end of the course, learners are expected to fulfill upper intermediate level (B2) on the Common European Framework of Reference for Languages (CEFR).

IV. Intended learning outcomes (ILOs) of the course:

- Brief summary of the knowledge or skill the course is intended to develop:

On successful completion of the course, students should be able to:

1. Show an awareness of the key linguistic features essential for academic reading and writing in different contexts related to their fields of study.
2. Demonstrate knowledge and understanding of the formation and use of the common terminology related to their fields of study.
3. Adopt critical thinking within the subject paradigm to evaluate different texts, determine their intended functions and extract specific information from them.
4. Apply critical, analytical, and evaluative thinking to their own writing about issues related to their fields of study.
5. Effectively use a variety of reading strategies for analyzing different texts and reading independently and intensively for specific information.
6. Write comprehensive paragraphs, reports and effective summaries of long texts on topics related to their fields of study.
7. Communicate successfully in English speaking environments, both academic/professional and social and interact with others in a positive and productive manner.
8. Apply the acquired skills of English language in Information and Communication Technology.
